Non-Matriculating Student (Guest Student) Undergraduate Policy

A non-matriculating student is one who is not seeking a degree at EIU. The purpose of non-matriculating student enrollment is to facilitate transfer of credit hours to another institution or for non-degree personal/professional development. Non-matriculating students may be enrolled for any semester without having to submit official transcripts. The student is required to complete a Guest Student Application for Non-Matriculating Students which includes a signed statement certifying that he or she:

- 1) has the necessary academic preparation for the proposed course(s);
- 2) understands that enrollment as a non-matriculating student does not constitute admission to the University for subsequent semesters; and
- 3) is aware that credits earned as a non-matriculating student may or may not be applicable to a specific degree program at EIU.

Each academic year (fall, spring, summer) a student who wishes to enroll as a non-matriculating student, must submit a Guest Application and pay the \$30 application fee.

Admission as a degree-seeking student requires submission of a regular application for admission, a full set of required documents showing admissions standards have been met; and the \$30 application fee.

All Non-matriculating Enrollment Requests are considered on a space-available basis. Those who are otherwise prevented from registering are prohibited from enrolling on a non-matriculating basis. Those who have been academically denied admission or continued enrollment during the previous two academic years are similarly prohibited from enrolling on a non-matriculating basis.

Financial Aid -

Students enrolled on a non-matriculating basis are not eligible for state, or federal financial aid or employee tuition waiver benefits. Institutional aid varies depending on the criteria of the award.
